You won't believe *what's inside a*

SERIES

PSION OFFICE

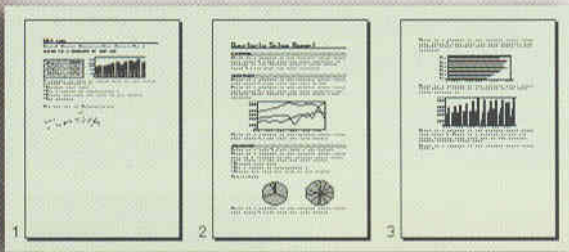

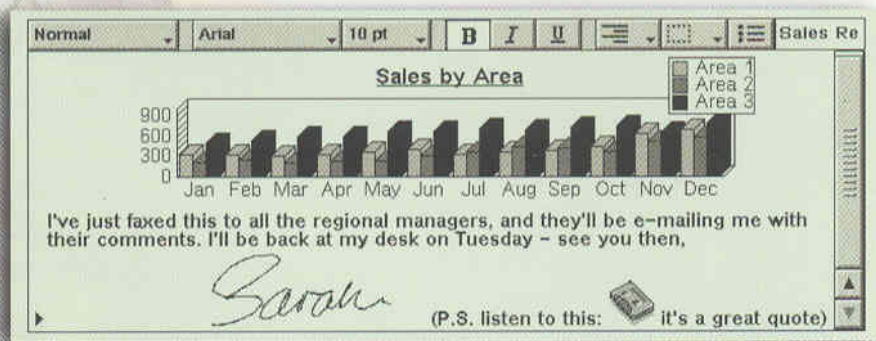

Forecast the future

with the Series 5 spreadsheet, and analyse the results with a graph or a pie chart.

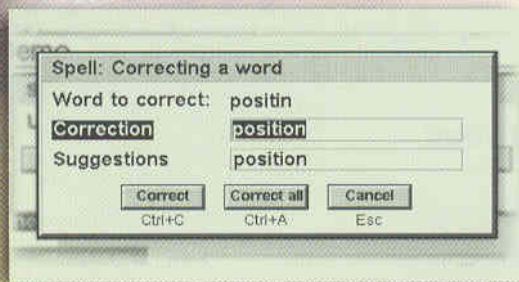

Write a memo

with the powerful word processor and insert a graph, a sketch, or even a voice recording to make your point clear.

Print out the document via infrared, or a printer link (or fax it).

Check your spelling or consult the 600,000 word thesaurus.

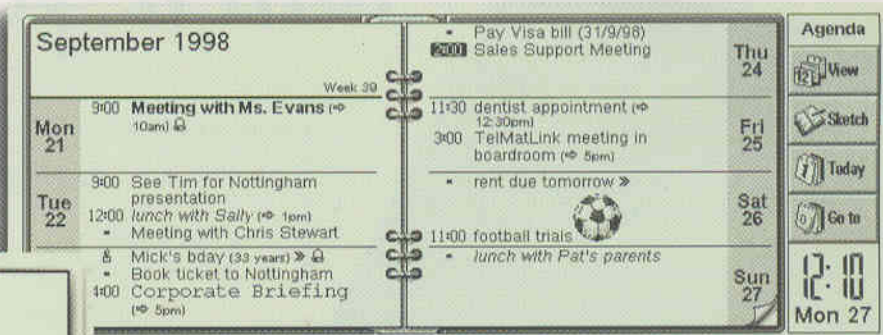

PSION ORGANISER

► Plan your time

with the flexible Agenda. View events, anniversaries, appointments or things to-do by day, week or year. Synchronizes with your PC.

- ### ► Attach notes
- for extra information, alarms to remind you, or insert sketches to highlight special entries.

 Email: **chris@info.co.uk**

- ### ► Manage
- your contacts with Data: stores thousands of records, update them with the large keyboard or quickly find an address or phone number. Synchronizes with your PC.
- ### ► World information
- on over 700 cities.
- ### ► Create
- your own databases of books, notes and CD collection.
- ### ► Dictate
- your thoughts and actions with the external record and playback functions.

PSION CONNECTIVITY

- ### ► PsiWin
- extends Windows - for seamless synchronization and file exchange between your Series 5 and a PC. Dock your Series 5 and it's a part of your PC. A "My Psion" icon appears on your Windows desktop, alongside "My Computer".

Designed for

 Microsoft®
 WindowsNT®
 Windows®95

Makes your Series 5 compatible
 with Microsoft, Lotus,
 Corel, WordPerfect,
 Novell, & other
 Windows software.

Auto Docks & Auto Syncs

PsiWin will connect to your Series 5 automatically, back it up, and synchronize your agenda and contacts.

► Email, fax and browse the Web

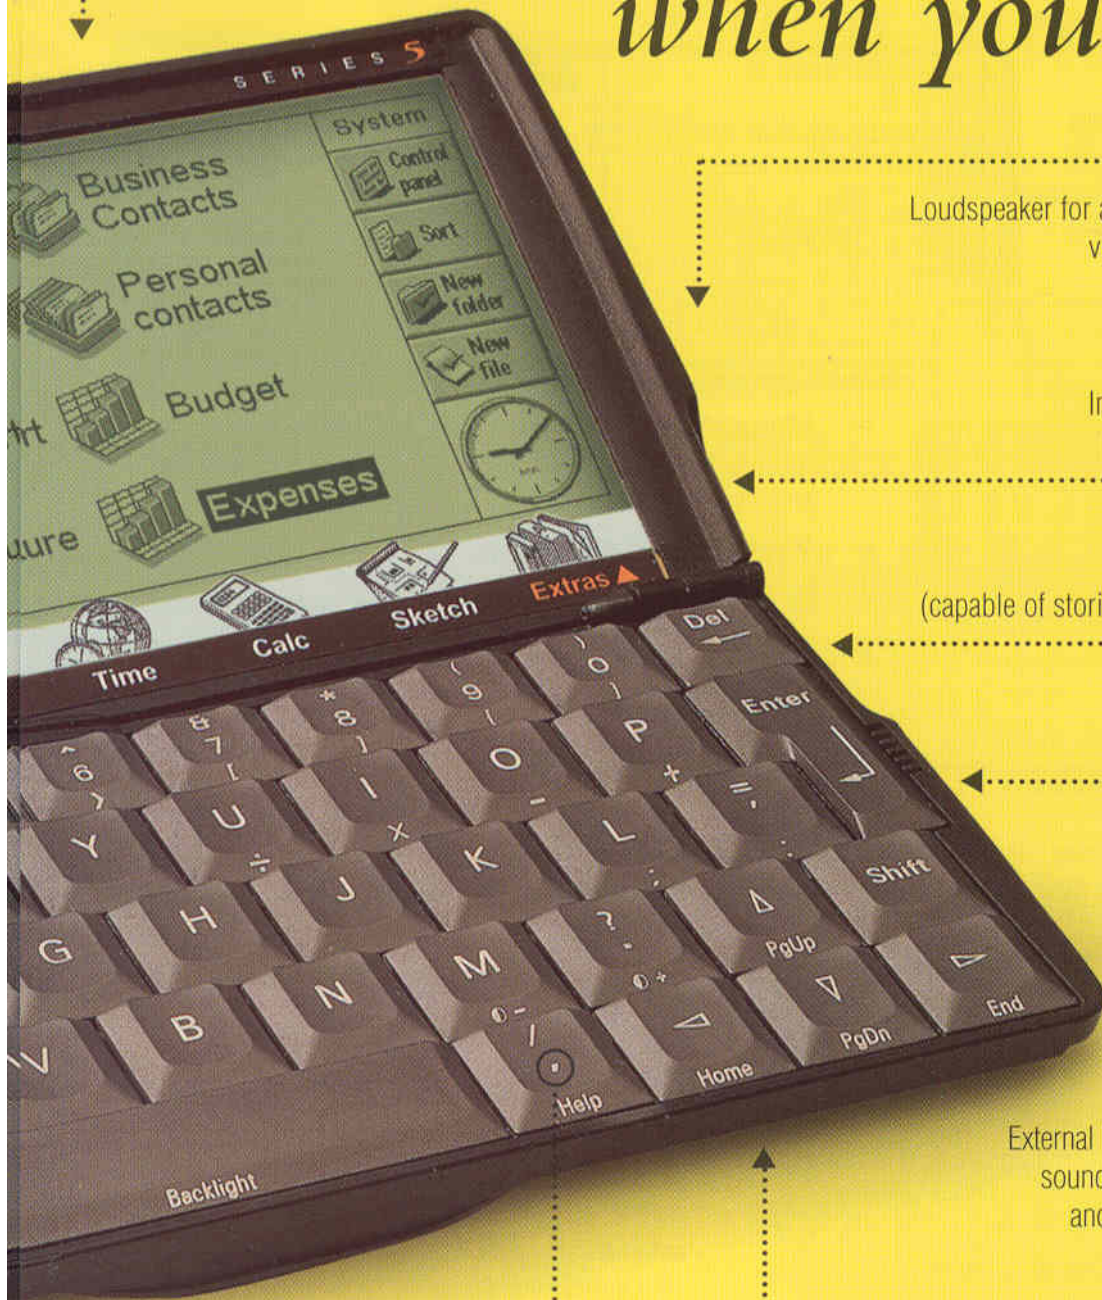

with Message Suite. Pick up your emails while you're on the move. Browse the Web and book mark your favourite sites. Dial into your email account, select which messages to download, then collect the rest from your desktop when you're back at base.

- ### ► Create
- faxes with graphs & pictures.
 Receive faxes and then view them at various sizes.

Small and powerful:
weighs just 354g.

Work where you want, *when you want.*

Loudspeaker for alarms and
voice notes.

Infrared communications with
printers and other Series 5s.

8MB memory.
(capable of storing up to 2000 pages of text)

CF Card expansion slot for
extra memory

External buttons for
sound recording
and playback.

Comprehensive built-in help makes
Series 5 even easier to use.

On the road? Away from the office? *Meeting friends?*

Series 5's touch type keyboard makes entering information easy...whether it's an email, a fax, a spreadsheet or a series of addresses.

With the Psion Series 5 you can write a letter or a report at any time, look up an address and even sign your name at the end of the letter with the Series 5 pen.

Back at base you can synchronize your agenda and contacts with your PC, print out documents via infrared, or exchange word and spreadsheet files with your PC.

With Series 5's easy to use flexible applications, the Series 5 has the power to keep up with your life, yet it fits in your pocket, weighs just 354 grams and runs for 1 month's typical usage on two standard AA batteries.

EXPAND YOUR SERIES 5

- Add extra memory with a Compact Flash memory disk (currently up to 10MB).
- Additional software available:
 - **Travel** - Berlitz Phrasebook, Collins Dictionaries, Route Planner
 - **Financial** - Expense Manager, Financial Calculator, Money
 - **Entertainment** - Monopoly, Games Arcade
- Plus many more - see the Software and Accessories catalogue, and the latest updates on www.pSION.com.
- Connect to modems, mobile phones and printers with extra Psion accessories.
- Write your own programs in C++ or with the built-in rapid application development language OPL. See www.developer.epocworld.com for more details.
